Bring your own smokepole (pistols and revolvers welcome!), or use one of ours! **Targets will be at varied distances and sizes to suit every skill level and stature.** To keep us all festive, you're invited to wear a **Hawaiian Shirt** of the most colorful pattern you have in the closet. There might even be a special prize or two for you!

DETAILS:

For your summertime pleasure, here is an invitational shoot for Club members and the public that will consist of a "Line Shoot" with 10-12 novelty targets set at various distances for blackpowder muzzleloading rifles and handguns of any caliber or style.

If you ever wanted to try shooting a muzzleloader, or just want to observe how it was done in the "Old Days," or your inner "Daniel Boone" is looking to come out, this is your opportunity! Knowledgeable Black Powder enthusiasts will be on hand to demonstrate proper loading techniques for the various types of muzzleloaders, answer questions, and provide opportunities to "test-fire" guns. Bring the kids, because guns suitable for smaller-framed persons will be available.

Please remember to bring eye and hearing protection, and to wear a Hawaiian shirt if you have one. We'll provide a picnic lunch, and a donation of \$5/person (kids under 16 are free) is requested.
